I'm **Michele McGinley** – but call me Misha!  
My goal in photography is to create photos that evoke emotion; that capture the true essence of YOU. High school is an exciting time – transitioning between your identity now and what your future holds. Let my camera tell your story.

## IN MY STUDIO

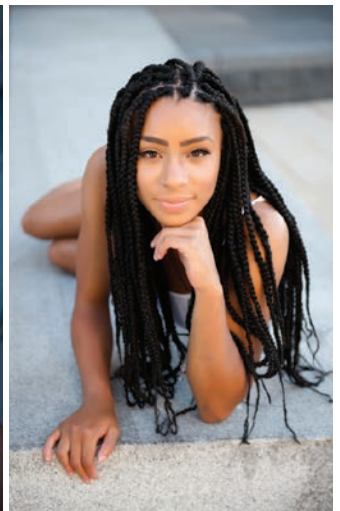

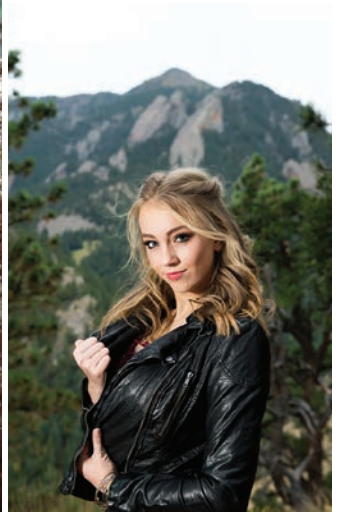

## ON THE TOWN

Denver is a photographic dream. Aesthetically, it's bursting with unique settings that add to the overall artistic appeal of your photos. From alleys to bridges and water to architecture, I work with you to find the perfect location to showcase your personality and style.

# BOULDER

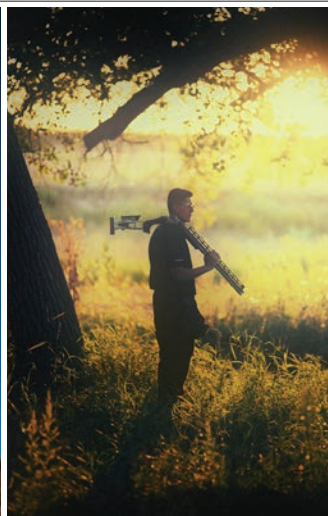

When I shoot, my goal is to ensure that your portfolio reflects who you truly are. Bring multiple outfits, choose props that tell the world about your hobbies and passions, span the range from serious to silly. Mix it up. Show off!

## RED DAISY FARM

300...that's how many days of sunshine Denver gets per year! Our city is the perfect outdoor backdrop for any session you want to create. We have "set" locations or choose your very own – boulders, wheatgrass, mountains and more.
